Introduction

This specification contains necessary information for both candidates and Approved Programme Providers (APPs) about the WSET Level 1 Award in Sake.

The main part of the document is a detailed statement of the learning outcomes of the Level 1 Award in Sake. These outcomes should be used by APPs to prepare programmes of learning, and by candidates to plan their studies, because the examination is specifically set to test these outcomes.

The specification also provides a list of recommended tasting samples, guidance concerning the examination (including syllabus weighting), sample examination question and the examination regulations.

At the end of this document you will also find information on the other WSET qualifications and WSET's qualification division WSET Awards.

1

Introduction to the WSET Level 1 Award in Sake

Qualification Aims

The WSET Level 1 Award in Sake is intended for people who have little or no prior knowledge of sake. It is designed to provide a sound but simple introduction to sake. The qualification will assist those who need a basic familiarity with the main styles and categories of sake, for example people who work with sake as part of a larger beverage portfolio, in the retail and hospitality sectors.

Successful candidates will be able to list the principal categories of sake, and state their defining characteristics, and know the key principles involved in the storage and service of sake. They will consequently be in a position to answer customer queries and provide recommendations for the service of sake.

Qualification Structure

Learning Outcomes

In order to meet the qualification aims there are three learning outcomes.

Learning Outcome 1	List and state the purpose of the main ingredients and the main production steps used to make sake.
Learning Outcome 2	Name the principal categories and grades of sake as well as some speciality styles of sake and state their key characteristics.
Learning Outcome 3	Know and recognise the processes and principles involved in the storage and service of sake.

Enrolment

There are no restrictions on entry to the WSET Level 1 Award in Sake. Candidates who are under the legal minimum age for the retail purchase of alcoholic beverages in the country where the examination is being held, or those who choose not to taste alcohol for health or religious reasons, will not be allowed to sample any alcoholic beverage as part of their course, but this is not a barrier to successfully completing the qualification.

Total Qualification Time (TQT) and Guided Learning Hours (GLH)

TQT is an estimate of the total amount of time, measured in hours that a learner would reasonably need to be able to show the level of achievement necessary for the award of a qualification, it is made up of GLH and private study time. GLH include all tutor supervised learning and supervised assessments.

The TQT for the Level 1 Award in Sake is 6 hours, all as GLH, this includes the 45 minutes for the examination.

Recommended Progression Routes

The WSET Level 1 Award in Sake, or an equivalent level of experience, is recommended for entry to the WSET Level 3 Award in Sake.

Assessment Method

The WSET Level 1 Award in Sake is assessed by a closed-book examination that consists of 30 multiple-choice questions, to be completed in 45 minutes.

Each correctly answered multiple-choice question is worth one mark, and marks are NOT subtracted for incorrect answers.
